parks system which needs a lot of improvements, a lot of maintenance. This is one area where we can bring in some revenue and I point out again it's only a million dollars revenue for 92 areas. This is one way to bring in some money to do something with the parks system. This is a users fee; we heard a lot of talk yesterday about users fee. This is aimed at what everyone was talking about. We're bringing in a million dollars for 92 areas. It's not really enough; all it provides is enough money to keep our heads above water, to take care of some plans which have been on the drawing books, to maintain our present areas which have been over-used. We've gained a million visitors to our areas in the last year or last two years we've gained a million visitors. I think we've discussed it enough. I would hope that if there are additional amendments, we could work on it on Select File but I would move the advancement of LB 81.

PRESIDENT: The question is shall LB 81 be advanced. Record your vote. Record.

CLERK: 32 ayes, 1 nay.
